The statistics platform

AllThatStats provides direct access to approx. 65,000 databases with around 1,000 million time series from official sources. Regularly updated it's an unique repository of the world's most important statistical data collections.

AllThatStats comes with

- extra fast retrieval tools (keyword search, hierarchical search, search by database)
- powerful filter tools, supporting your selection work at database level
- automated mass regressions within seconds (e.g. to identify highly correlated series)
- editable table and chart views
- export functionalities
- tools for ad-hoc time series analyses
- automated update notifications at database level
- extensive online support by the implemented help centre
- personal data library for storing your retrieval work in data sheets -> recallable whenever updates are available and prepared to be implemented into automated work flows (e.g. linking an ATS report file to your Excel application to update your data sheets/presentations automatically when started) or importing time series data from own or third party sources

ALLTHATSTATS.COM

SOURCES

ALLTHATSTATS provides access to the official statistics of

- international organisations such as the World Bank, the UN, the IMF, the OECD, the WTO, the FAO and the European Union
- central banks such as the FED, Deutsche Bundesbank and ECB
- the German Statistical Office
- supplemented by unique data collections focused on the World's environmental situation and the Intra- and Extra-EU trade induced carbon dioxide emissions (measured for 10,000 commodities according to the 8-digit level of the Combined Nomenclature)

LICENCES

ALLTHATSTATS licences are individually adapted to their kind of usage (e.g. corporate, libraries, public institutions, or the corresponding number of potential users).

Each standard licence (annual licence = 12 month from starting date) allows unlimited, IP-controlled access/Shibboleth, optionally completed by individual user IDs/password access:

- ALLTHATSTATS
- THE CAMPUS SOLUTION (ALLTHATSTATS specially discounted offer for non-profit organisations, e.g. public libraries, universities and ministries)

For all licences DSI also offers special „standing order“ conditions.
